

# TOY WASHING STATION

NEW MOTHERS' SUPPORT GROUP

Est. 1994

# NMSG

Meet • Support • Play

All you need is a few ingredients and materials:

- soapy water
- plastic cups or jugs
- large tray
- empty toiletry bottles
- sponges / brush
- towel
- toy

## TOP TIP

Use no tear baby friendly shampoo or bubble bath for the soapy water

Give your toys a bubble bath! Whether it is a baby doll, dinosaurs, cars, it is a great water based fun activity. Simply set up a tray of soapy water, some sponges, brushes, empty toiletry bottles, a towel and your chosen toys and let your little ones have fun splashing around cleaning them.
