All you need is a few ingredients and items:

- 5 x white carnation flowers
- Food colouring; red, yellow, green, blue and purple
- 5 x glasses
- Water
- scissors

Fill each cup with water half way. Then add 3-4 drops of food coloring into each of the cups. Each cup should be a different color. Carefully cut the end of each of the flower's stem and place in a different colored water cup. Wait one hour and observe your flowers' petals. Wait one day and observe your flowers' petals. Your little one's will be amazed as the petals change colour.

## TOP TIP

Paint a glass jam jar to use as a vase once your experiment is complete
